NOTE: This map is a basic outline for where each booth is placed. However, when you arrive at the event to set up it will be important for you to note where each of the booths are marked out, regardless of where it may appear to be located on the map (i.e. it may have been shifted over a few feet). Furthermore, it will be also be important for you to pay attention to and follow any instructions that festival management gives you: if you are asked to move your booth a few feet, please do so!
